Dear Customer

ZADT and our company had made a very long term partnership in order to answer all the demands from Brazil because we believe in the relationship between individuals as the base for a very well done job and guaranteed excellence in our work avoiding the improvise and offering to our clients a planned schedule of delivery and excellent products.

In that way, we really hope that you can give us an opportunity to work together in order to expand your market share in Brazil answering the demands of our clients.

Kind regards,
