Boletim nº: 0185

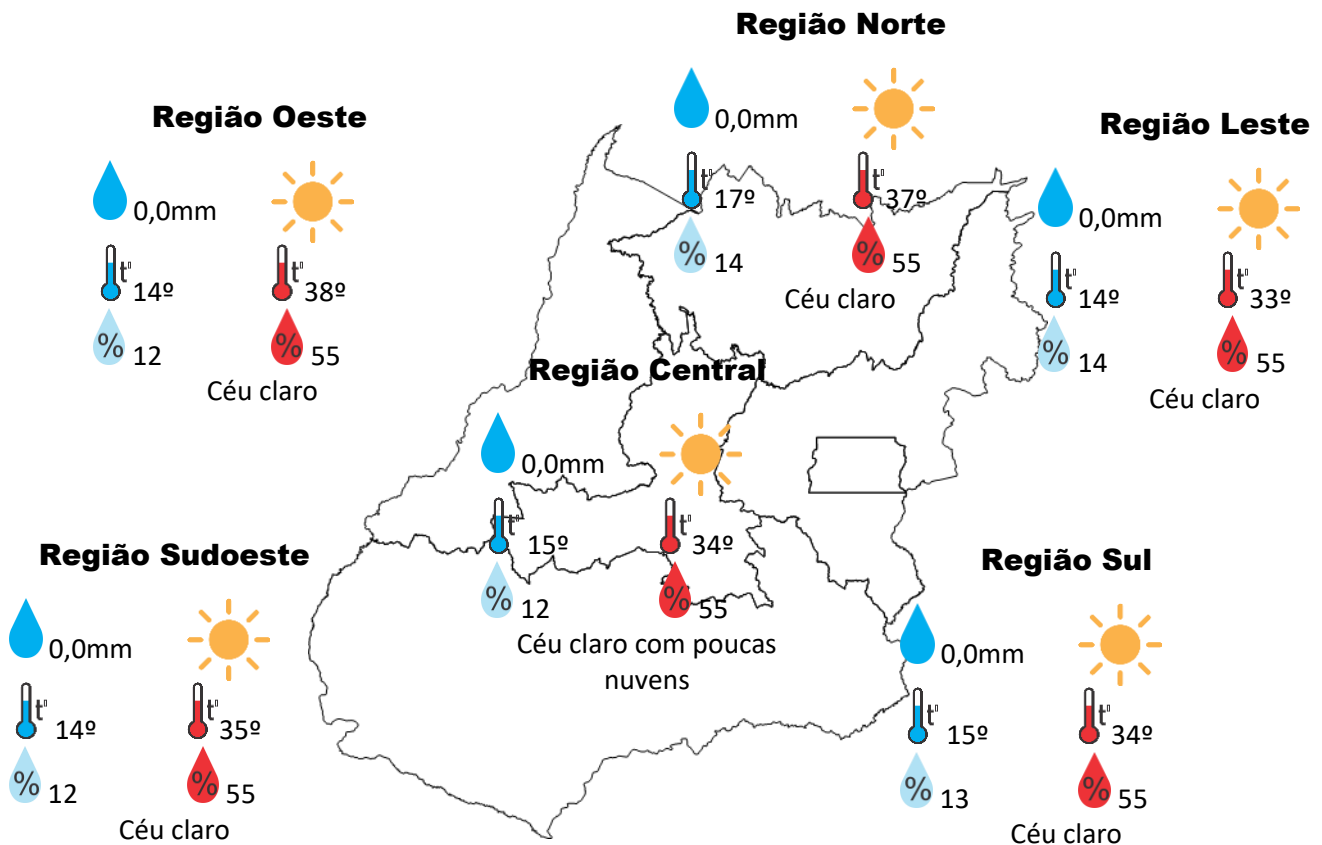

Elaborado na data: 17/08/2021

Previsão para data: 18/08/2021

Informações do Tempo para o Estado

Quarta-feira de céu claro, a presença da massa de ar seco e quente mantém o tempo estável em todas as regiões de Goiás, com isso favorecendo também que as temperaturas máximas fiquem elevadas e a umidade relativa do ar em declínio no período da tarde, com índices abaixo dos 20% nas regiões norte, leste e sul caracterizando índice de Alerta. Já nas regiões oeste, central e sudoeste temos a possibilidade do índice de umidade relativa do ar ficar na casa dos 12% caracterizando índice de Emergência.

**Capital:** Céu claro, temperaturas amenas pela manhã e elevadas no período da tarde e umidade relativa do ar em declínio no período da tarde podendo chegar a 12%.
