Boletim nº: 0167

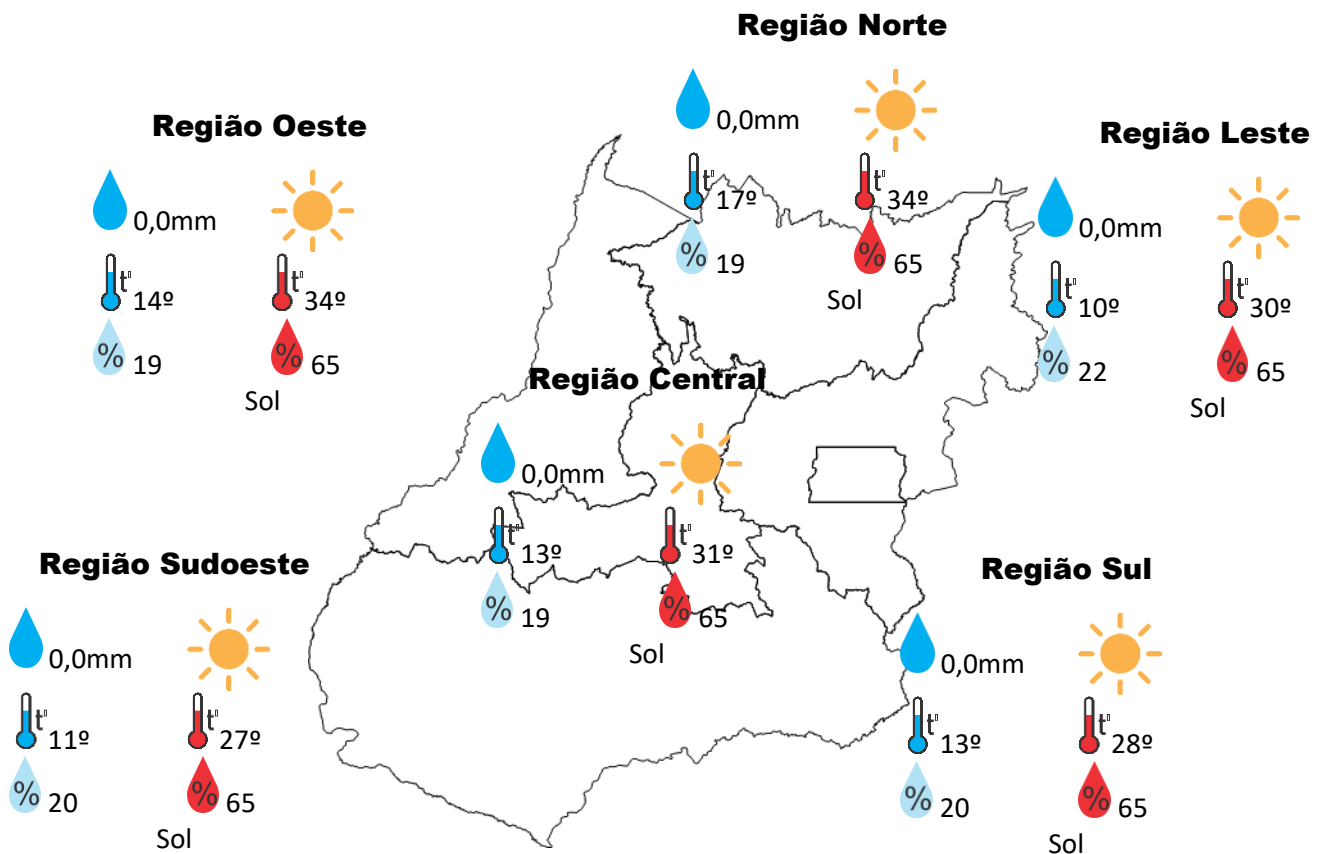

Elaborado na data: 27/07/2021

Previsão para data: 28/07/2021

Informações do Tempo para o Estado

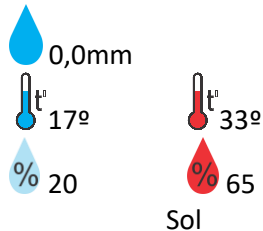

Nesta quarta-feira o avanço de uma massa de ar frio de origem polar vinda do sul do Brasil começa a aproximar-se de Goiás pelas regiões sudoeste e sul, com isso no período da tarde o ar frio já começa a exercer sua influência nestas regiões e as temperaturas máximas já não ficarão tão elevadas. Os destaques serão a amplitude térmica, umidade relativa do ar em declínio no período da tarde e a aproximação e começo da influência da massa de ar frio de origem polar em nosso Estado.

Atenção: para o Índice de Alerta para umidade relativa do ar que estará abaixo de 20% em algumas regiões.
