Prognóstico de Risco de Incêndio para o Estado de Goiás no dia 22/08/2023

Risco de Incêndio por Regiões do Estado

O objetivo das informações descritas acima é demonstrar as regiões mais críticas e favoráveis ao desenvolvimento de queimadas, associadas aos fatores climáticos. Lembrando que neste período, a maioria das queimadas são provocadas, e que necessitamos de uma consciência ambiental, a fim de não propagar as queimadas, esta prática danosa para a cidade e para o campo.
